

JOB DESCRIPTION

Wire Department Lead

Dunn Utility Products, a Byram, MS-based concrete pipe and precast producer, is seeking an experienced Wire Department Lead. This position reports to the Pipe Plant Superintendent.

MAJOR RESPONSIBILITIES

- Manage day to day production of all wire.
- Complete daily information on all wire tags and make sure crane inspections are completed.
- Conduct daily safety huddles with wire department crew.
- Keep all work areas clean daily.
- Daily checks that all wire machines are clean and ready to run for the following day.
- Grease machines weekly.
- Assist with repairs and maintenance on Mid-America machines and cage expanders.
- Assist with month end wire counts.
- Other duties or special projects as assigned by management.

CROSS TRAINING CAPABILITIES

- Pipe Plant Superintendent Responsibilities
- Hawkeye Plant Operations

Applicants need to have good interpersonal skills and be well organized. Dunn Utility Products offers competitive pay, health insurance, dental insurance, life insurance, paid vacation & holidays, and a 401k plan with a company match. Interested individuals can apply online at dunnutility.com/careers or call 601-487-2997.
